JOB SITE SAFETY ADVICE & TIPS

DOSTER

JOB SITE GUIDELINES

GENERAL HYGIENE

Site personnel should wash their hands regularly with soap for at least 20 seconds and utilize hand sanitizer throughout the day. The team will regularly disinfect commonly used surfaces.

SOCIAL DISTANCING

Maintain a six-foot separation from other individuals as much as possible to perform work safely. Employees are encouraged to use telephone, video conferencing, and other virtual technology to conduct business as much as possible. Where in-person meetings are unavoidable, minimize the group number, and choose a large meeting space (or outside when possible). Catering is restricted to box or individual meals.
